

Primary 3/4

The pupils reflect on their learning-

"I loved learning about how the water cycle works and singing the water cycle song," Sophia.

"I enjoy learning French because it is a new language for me," Eden.

"I learned all about bullying in Anti-Bullying Week and now I know what to do if anyone ever bullies me," Alice.

"When I started HTU exchange I thought it would be hard but I kept trying and trying and I got better and better," Luke.

"In music I can clap rhythm and pulse," Isla.

"I've learned how to measure in cm," Benjamin.

Pupil Voice - Mrs St Clair asked,

"What are you enjoying in school and what could we improve?"

"I like PE because we get to run around," Callum.

"I love learning about Bridges," Jay.

"I feel good about counting to 20 in French," Erin.

"I would like our school to be quieter," Imogen.

"I would like better lunches!" Louisa.

"I've learned so much about being careful with my spelling and how to improve my writing," Freya.

Homework - Feedback so far, suggests parents like the new format of homework grid which gives your child choice about the activities to complete. I do appreciate your support with your child's learning. Remember, there is a feedback form to let me know of any suggestions or problems!

IDL- We discovered many interesting things last term when we were learning about Under The Sea. In October and November our mini topics have included Growth Mindset,

"I can do this." "Don't give up!"

and Anti-Bullying Week 2018.

Maths - Some of our maths activities have included -

- *working with numbers to 999
- *adding and subtracting with exchange
- * counting forwards and backwards in tens and hundreds
- *using the calendar
- * estimating and measuring length
- * discussing maths strategies to improve our learning
- * playing maths games

Taking part in Anti-Bullying Week 2018 gave us the opportunity to discuss the different kinds of bullying, what we should do if bullying happens to us and how we should behave as a class to uphold our school values-

respect responsibility resilience

We also linked simple acts of kindness as being a very powerful tool against bullying. Our homework has featured 'Kindness' and this theme will continue.

You may not already be aware that we have a play therapist in school twice weekly who offers 'drop in' sessions for any child who is seeking a little extra support.
