

Primary 5

Successful Learners

In maths this term we have been working with money. We are delighted that the tutors from MyBnk have come into school to work with us. They will visit 3 times and help us to learn more about managing our money so that we can be 'Savvy Savers'!

We are continuing to become experts in addition, subtraction, multiplication and division by practising our skills and solving money problems. Knowing basic number facts and times tables facts will help us to be more accurate in our calculations. We enjoy using www.sumdog.com to help us increase both our speed and accuracy.

We are also learning about different types of angles and finding and presenting information using charts and graphs.

Ancient Greece

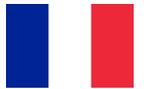

We are learning about life in Ancient Greece and how their culture and lifestyle has influenced how we live today. We have investigated family life, democracy, the Olympics games, gods and goddesses, Greek words and famous Greeks. We have noticed how many things nowadays originated in Ancient Greece.

Learning and achieving together:
nurturing creative and inquisitive minds to reach their full potential.

Effective Contributors

We really enjoyed learning about Fairtrade this term with Miss Smith. We learned about farmers in other countries who work hard to grow foods like bananas, pineapples, coffee beans and cocoa pods which are then sent to Britain for us to enjoy. These farmers are often paid very little for their crops which means they don't have enough money to buy food for their families. Fairtrade Groups make sure they are paid a fair price. We made cakes and fruit kebabs using Fairtrade products and sold them at our Bake Sake to raise awareness of Fairtrade. We hope that more people will buy Fairtrade products and help the farmers.

French

Les Jours et les Mois.

lundi	janvier	août

mercredi	mars	octobre
jeudi	avril	novembre
vendredi	mai	décembre
samedi	juin	
dimanche	juillet	

Literacy

We have read a variety of myths and legends and are now working on writing our own legends. We have identified the main features of myths and legends and have made sure we have included these in our stories.

We are planning to edit our stories and 'publish' them as a picture book with our own illustrations.

P5 have P.E. on Mondays and Rugby (with Fergus from Currie RFC) on Wednesdays
The violin teacher is in school on Monday afternoons.

Respect - Resilience - Responsibility
