

Magic a-e

E can be a magician letter and does magic in its spare time. In some words when you see the e you don't say it because it is making a spell to change the sound of the vowel. The vowels are *a e i o u* and e changes them to the sound you hear when you say your alphabet. Let me show you.

Examples:

rat = the furry little creature

rat + e = *rate* which can mean the pace of something.

hat hat + e = hate

Now you try some and see if you can cast a spell to change the words by adding e to the end.

1. can = _____

2. rag _____

3. pan = _____

4. car _____

5. mad = _____

6. fat _____

7. mat = _____

8. man _____

9. cap = _____

10. tap _____

Now write a sentence for 5 of the words that you made by adding the magic e.
