| <p><b>Literacy</b></p> <p>Story Time – Look out for a new story each day on Learning Journals. This week 'The Gingerbread Man' is our special story.</p> <p>We hope listening to these stories will help develop awareness of when to talk and when to listen. By listening to familiar stories, we can explore events and characters.</p> <p>Can you use what you learn to invent your own stories and share these with others in imaginative ways?</p> <ul style="list-style-type: none"> <li>• Encourage children to retell and recall the story in their own words with support from an adult to scribe</li> <li>• Mark making and illustrating their own version of the story</li> </ul> | <p><b>Numeracy &amp; Maths</b></p> <p>Make your own gingerbread men - In playdoh, baking, mud – whatever material you choose.</p> <p>Lots of opportunity for maths and numeracy here ... weigh and measure, compare sizes and amounts.</p> <p>How many gingerbread men will you make? Count out their eyes, buttons, arms/legs etc.</p> <p>Think about the characters in the story - How many animals chase the gingerbread man? Can you count them out loud?</p>                                                                                                                                                                                                                                                                                              |
| <p><b>Health &amp; Wellbeing</b></p> <p>Yoga and Mindfulness – Ms Houston has put up some suggestions for yoga and mindfulness moves on Learning Journals that you might want to continue at home.</p> <p>PE with Joe - – Joe Wicks Body Coach daily workout is a great thing to have a go at. It is live at 9am every weekday but it is possible to watch it and take part at a different time.</p> <p><a href="https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ">https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ</a></p>                                                                                                                                                   | <p><b>Inter Disciplinary (Topic) and Other Learning</b></p> <p>An Easter Egg trail – Create your own Easter egg trail using any materials you choose... chalk, rope/string, stones, any other loose parts you can find! Make a maze, a treasure hunt? This is a great chance to step back and encourage free flow play in nature, if you can get outside. Indoor Easter Eggs trails are fun too!</p> <p>Fischy Music – The nursery children love these songs and a live sing-a-long is on every Monday at 11am, however it is also available on Youtube at any time on <a href="https://www.youtube.com/user/Fischymusic">https://www.youtube.com/user/Fischymusic</a></p> <p>The link for the assembly /sing-a-long is at the bottom of the YouTube page.</p> |
