SPELLING

Above are words from the first 100 common words, practise spelling 8 or 9 each day.

You could practise using **different colours of pencil for each letter**, or by **building pyramids** or by writing them in our **bubble writing** or by playing **spelling tennis**. We have used all these strategies in class. Choose the one that you prefer. On Friday, maybe an adult in your house, could give you a spelling test to see how you get on?
