Over the next few weeks we will post a few Sports Day Challenges:</p> <p>Week 3: Throwing Event. Please see separate post on class page and also Twitter. Please post photos on Learning Journals and/or Twitter</p>	<p>Technologies: Computer Science Hour of Code have released lots of progressive computer science courses https://code.org/student/elementary</p> <p>Kindness Challenge: Teach someone in your family how to draw something new. Practice yourself first. Have a wee look at this website.www.33drawingtricksforkids.com</p> <p>Resilience: <i>Especially</i> In these uncertain times, it is always good to remind our children that being resilient is helpful for all our wellbeing. Resilience is the ability to bounce back after setbacks or worries. A fun game you could play as a family or in a pair is called , "If you really know me....." Take it in turns to say "if you really know me, you would know that- for example- I love my dog or I hate carrots or I'm afraid of the dark. After each round discuss each others comments. This can give families a chance to talk about worries and also happy, positive events.</p>

Well done to EVERYONE who participated in the whole school challenge. Some amazing work went into it.

Happy Birthday to Sophie this week!!

You've caught my eye this week:

Sophie has been on the look out for Miss Mitchell's favourite white and pink blossom tree. **Orfeas** has been working super hard on his maths and I have enjoyed seeing all the work he has sent me. **Oliver N** I loved your VE day poppy and the literacy you have been doing in the woods. **Simon** has been working hard on his time work, I do miss him writing the date on my board every day. I have loved all of your suggestions for names for Mrs Campbell's lambs. Some creative suggestions coming in. Thanks for all the lovely birthday wishes for Isme.

Look out for who catches our eye next week.

Sumdog: Don't forget to complete your Sumdog assessments.
