

## SPELLING

Below are words from the first **100 common words**, practise **spelling each day**. You could practise using **different colours of pencil for each letter**, or by **building pyramids** or by writing them in our **bubble writing** or by playing **spelling tennis**. We have used all these strategies in class. Choose the one that **you prefer**. On Friday, maybe an adult in your house, could give you a **spelling test** to see how you get on?
