

SPELLING -Week beginning Monday June 15th

Below are words connected to Lighthouses or words you will find in this week's reading comprehension.

Practise **spelling each day**. You could practise using **different colours of pencil for each letter**, or by **building pyramids** or by writing them in our **bubble writing** or by playing **spelling tennis**. We have used all these strategies in class. Choose the one that **you prefer**. Maybe an adult in your house, could give you a **spelling test** to see how you get on? **Do you know what all these words mean?**
