

Bear Hunt Edinburgh Week Four

Share pictures from your Bear Hunt adventures on twitter #BearHuntEdin

With a grown up can you go on your own hunt? Walk to your nursery or school – are there roads? Trees? Signposts? Traffic lights? Talk about what you see on the way.

Make a journey stick for your hunt; put elastic bands or string round your stick. Tuck in everything you collect on the way. Can you talk about the things you collected when you are home?

When we go on journeys, we often pack a bag. Can you pack a bag for going to nursery or school? What do you need? What would your bear need? Share your ideas with your grown-up.

Put a bag in the window for your bear – a real bag or a picture- so that other bear hunters can see.

Maybe you want to add pictures or photographs of what's inside the bag?

We're all going on a school hunt!
