

Bear Hunt Edinburgh Week Six

Share pictures from your Bear Hunt adventures on twitter #BearHuntEdin

Using materials you can collect from outdoors, or in your house, make a model of the bear hunt story. You can have a grown up take a photograph and tweet it to us or email to your nursery or new school. #BearHuntEdin

With your grown up, can you talk about how the bear at the end of the story could make friends? How could you make friends when you go to nursery or school? Tweet your ideas to #BearHuntEdin

What is missing from our bear hunt so far?
How about the snow!

Ask an adult to help you.
Can you make paper snowflakes for your bear and put them in the window with your bear?.

Can you go on your own bear hunt journey following the route you will take to your nursery or new school? How many bears can you see? Are they like yours? Will they go to the same place as you?

As the bear hunt comes to an end, your journey is just beginning!
